Pure Expertz — Access & Recording Acknowledgment

Read this once (about 2 minutes). It explains what you can access and the few things you agree to before you join a room.

WHY WE BUILT IT THIS WAY

We teach in the open, so everyone learns from real questions. Recording lets members catch up on what they missed and lets us share what works. These few rules keep the room safe, useful and respectful.

1. What you get

Your personal login opens the Pure Expertz portal: live sessions, workshops, open office hours and recordings. Your link signs in as you, so please don't forward it.

2. Sessions are recorded

We record video, audio and chat in sessions and rooms. Recordings and short clips may appear in the portal, on our websites, on YouTube, in our podcast, on the Pure Expertz Media Platform and on our social channels. By joining, you consent to being recorded. (Illinois requires everyone's consent to record a conversation. This is how we ask for yours.)

Prefer to stay off camera? Keep your camera off and your microphone muted, and use the chat.

Want a clip of you removed? Email support@pureexpertz.com. We remove it from anything we publish after your request.

3. Your face and voice stay yours

We will never make an AI clone, avatar or synthetic voice of you, or use your face or voice to train AI, without your separate written consent.

4. Education only

Sessions are education and general information. Nothing here is legal, tax, financial, investment, medical or other professional advice, and no results or earnings are promised. Nothing in a session is an offer to buy or sell any security or investment. Talk to your own licensed professional before you act.

5. Respect the room

Ask hard questions with good manners. No harassment, hate or threats. No selling to other attendees without their OK. Don't record, screenshot or share other people's private information. We may remove anyone who breaks these rules.

6. Your information

We use your name, email and phone number to run the sessions, send you the schedule and follow up with you. We don't sell your information. You can unsubscribe at any time; for texts, reply STOP. Full policy: pureexpertz.com/privacy

7. Age

You must be 18 or older to join.

☐ I, **[your name]**, confirm that I'm 18 or older, I've read this, and I agree.
